

CJS Jaunt CJS Jaunt Jottings for September 29 2022.

Spring hasn't quite sprung, but it is in the air and we have a really nice Spring experience for you this month. Marie and Graham Davey have invited us to their garden at Toormina. We had planned a visit last year but their garden was ravaged by the hail storm that swept through Coffs last October. They have been toiling away since then and would love to share their delights with us. Marie and Graham have also invited us to share our morning tea with them in their garden. So, breaking with tradition, morning tea will be at the 2nd stop this time. Marie has kindly offered to provide tea and coffee and a chair for you so you will need to RSVP to Marie. See the attached map to find your way.

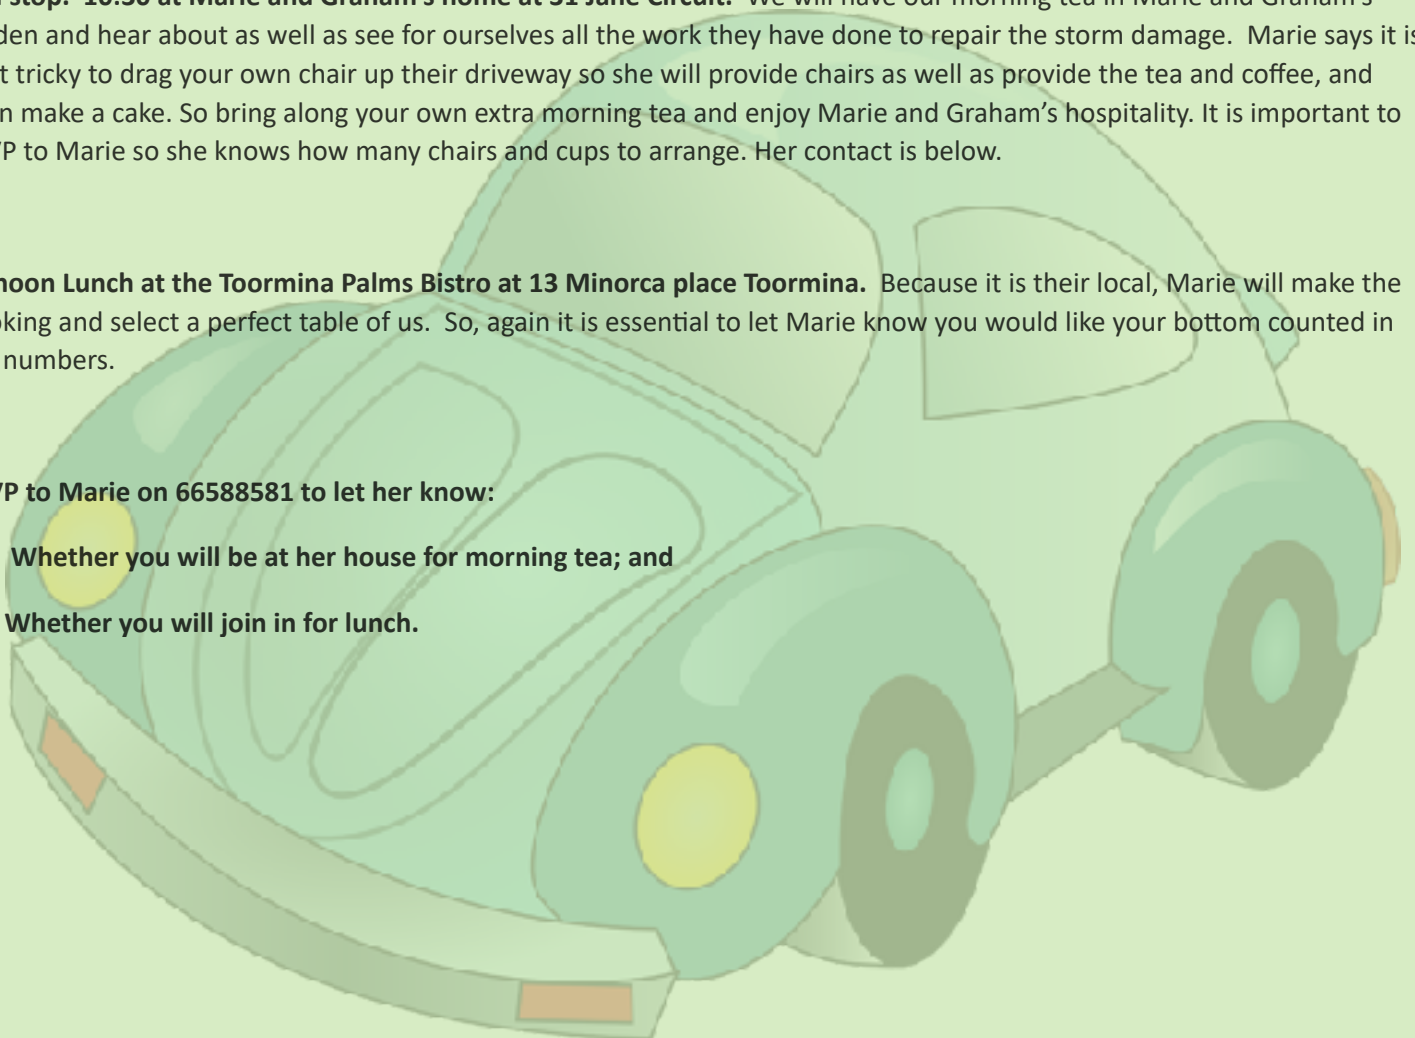

1st stop 9:30am. The plan is to start at **South Coffs Community Garden** which is in Bruce King Drive right beside the Boambee East Community Centre. Parking is street parking outside the Community Centre and walk through to the gardens. Graham and Marie had an integral role in the establishment of this Community Garden and have arranged for John Higgins, the gardens coordinator to tell us all about the establishment of the garden before we have a meander through. If you would like a sneak peek at the Community Garden have a look at their Facebook page. You can find them with the search, "South Coffs Community Garden Inc". I love their garden motto, *Digging for Health and Happiness*.

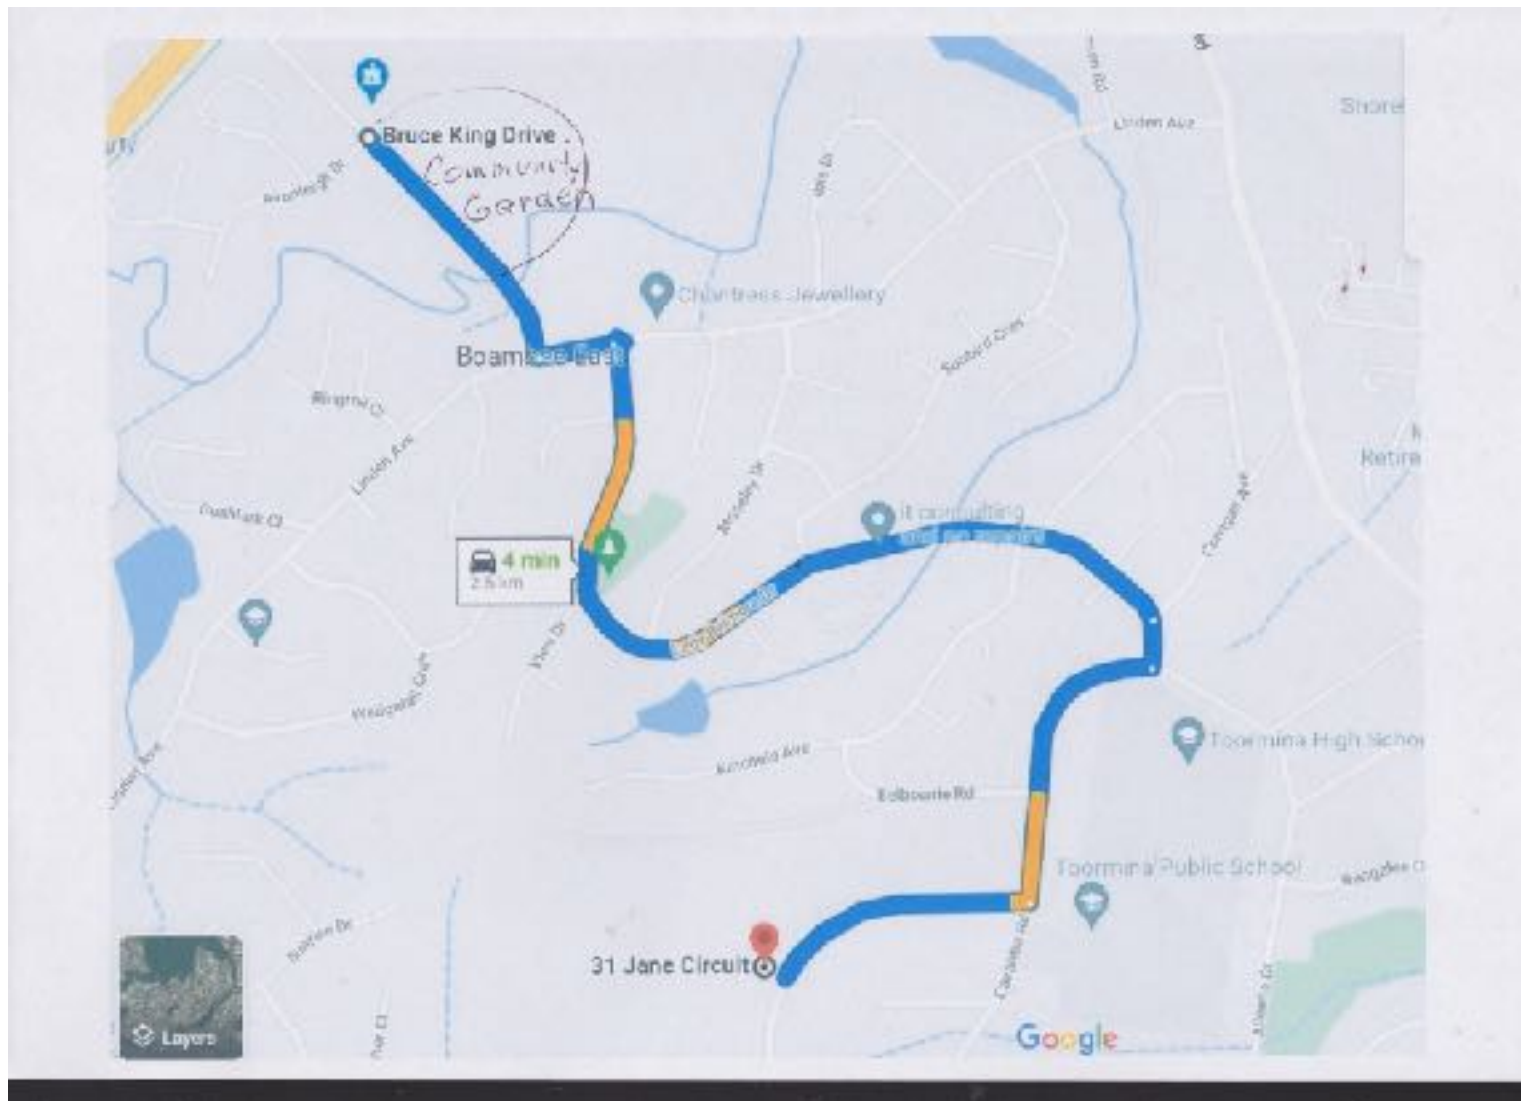

2nd stop. 10:30 at Marie and Graham's home at 31 Jane Circuit. We will have our morning tea in Marie and Graham's garden and hear about as well as see for ourselves all the work they have done to repair the storm damage. Marie says it is a bit tricky to drag your own chair up their driveway so she will provide chairs as well as provide the tea and coffee, and even make a cake. So bring along your own extra morning tea and enjoy Marie and Graham's hospitality. It is important to RSVP to Marie so she knows how many chairs and cups to arrange. Her contact is below.

12 noon Lunch at the Toormina Palms Bistro at 13 Minorca place Toormina. Because it is their local, Marie will make the booking and select a perfect table of us. So, again it is essential to let Marie know you would like your bottom counted in the numbers.

RSVP to Marie on 66588581 to let her know:

1. Whether you will be at her house for morning tea; and
2. Whether you will join in for lunch.
